Non Action Items

- Drop for Non-Payment Update (Matt Smith) Met with committee to discuss how we can make DRNP more student centered. Discussed how we can have better communication and what modes of communication can be used. Will request from Enrollment Services for drops to be held until end of business day instead of morning. Students are not seeing ctcLink messaging. Students in the room were asked how we can better reach student. Idea to give tutorial on how to forward their TCC email to their personal email. Post more on social media platforms.

Idea was presented to get faculty to discuss DRNP in class. Idea to go to Instructional Council. Trying to become proactive.

- Enrollment Report (Amber Brock) See slides below
- Implementation of Parking Fine Holds (Mary Chikwinya) Discussed the change that a single parking fine no longer holds registration for students. Discussion about what other colleges in the area are doing for with their parking. Would like to experiment with not ticketing for one quarter and only give warnings. Another idea was "Permit required between 7:30-3:30" or something similar. Steve Fontana to go and write a proposal about what a pilot for this might look like.

Committee/Council Reports

- College Council
- Legislative Task Force Dr. Harrell took board member and two students to DC for the National Summit. People were very impressed with our students. Group encouraged to look on State Board website to see what bills are coming and what they mean. Senate Bill 5341 about Subsidized Child Care taking away the 25 hour work requirement is hopeful to pass and would have strong impact on our students.
