

Curriculum Summary

02/01/2018 - 02/12/2018

NEW COURSES					
COURSE	PROPOSAL TYPES		EFF DATE	JUSTIFICATION	CHANGES
BUS 260 Small Business Operations CC Approval: 02/09/2018	Min Credits Lecture: Lab: Clinical: Field: Systems: Quarterly: New Course Proposal	Min Hours 55.00 0 0 0 0 5.00	2018 Fall	The Business AAS program's advisory committee approved changes to the AAS in Business degree on 11/17/17. The committee approved many changes including the addition of this 5 credit course to complement the existing courses in our Entrepreneurship concentration offering. This courses goes beyond knowledge acquisition and will challenge students to demonstrate their practical skills in promoting a successful business enterprise.	ADD PREREQUISITE: BUS 160 with a minimum grade of C and ENGL& 101 with a minimum grade of C RECOMMENDED PREPARATION BUS 140 with a minimum grade of C; and BUS 257 with a minimum grade of C
CHEM& 140 General Chemistry Prep w/Lab CC Approval: 02/09/2018	Min Credits Lecture: Lab: Clinical: Field: Systems: Quarterly: New Course Proposal	Min Hours 44.00 22.00 0 0 0 5.00	2018 Summer	Chemistry Pathways Redesign Project. The chemistry courses are being redesigned to create unique pathways for gen-ed students, for allied health majors, and for STEM majors. This new course will act as a prerequisite for STEM majors who plan on taking general chemistry (CHEM& 161) and will replace the CHEM& 121 prerequisite. This will allow many students to graduate faster and avoid redundant courses.	ADD PREREQUISITE: MATH 140 with a minimum grade of C (may be taken concurrently) or MATH 147 with a minimum grade of C (may be taken concurrently)
NUTR 250 Nutrition in Healthcare I CC Approval: 02/09/2018	Min Credits Lecture: Lab: Clinical: Field: Systems: Quarterly: New Course Proposal	Min Hours 33.00 0 0 0 0 3.00	2018 Spring	This 3-credit course will serve students entering the new Nursing DTA degree, and is designed to allow them to meet their nutrition requirement without exceeding the overall credit requirements for the DTA. The Nursing DTA requires 5 credits of nutrition. NUTR 250 will provide 3 credits, and an upper-level 2 credit course offered late in the Nursing curriculum will meet the remainder. Ability to offer this course will depend on the ability of the BEECH Department to provide staffing, and a Nutrition-focused faculty position has been requested.	ADD PREREQUISITE: BIOL& 242 with a minimum grade of C
SOC 200 Introduction to Research Methods for Sociologists CC Approval: 02/09/2018	Min Credits Lecture: Lab: Clinical: Field: Systems: Quarterly: New Course Proposal	Min Hours 55.00 0 0 0 0 5.00	2018 Fall	Sociological knowledge has a strong empirical core, requiring students to evaluate research based on data or evidence. Additionally, sociologists employ a variety of research methods. Furthermore, students who plan to major in sociology at either Pacific Lutheran University or the University of Washington- Seattle are required to take research methods courses as well as statistical courses, SOC 232 and STAT 233 or SOC 221 and STAT 220 or 311, respectively. Also, UW-Tacoma now offers a sociology minor and UWT faculty have indicated that TCC transfer students would benefit from a methodology course. For students who plan to transfer and major in sociology, this course will provide an overview of quantitative and qualitative methods to explore, describe, and analyze the social world.	ADD PREREQUISITE: SOC& 101 with a minimum grade of C and ENGL& 101 (may be taken concurrently) and either MATH& 146 (may be taken concurrently) or MATH 136 (may be taken concurrently)

REVISED COURSES

CHEM& 121 Introduction to Inorganic Chemistry CC Approval: 02/09/2018	<table style="width: 100%; border-collapse: collapse;"> <tr> <td style="width: 15%;"></td> <td style="width: 15%; text-align: center;">Min Credits</td> <td style="width: 15%; text-align: center;">Min Hours</td> </tr> <tr> <td>Lecture:</td> <td style="text-align: center;">4.00</td> <td style="text-align: center;">44.00</td> </tr> <tr> <td>Lab:</td> <td style="text-align: center;">1.00</td> <td style="text-align: center;">22.00</td> </tr> <tr> <td>Clinical:</td> <td style="text-align: center;">0</td> <td style="text-align: center;">0</td> </tr> <tr> <td>Field:</td> <td style="text-align: center;">0</td> <td style="text-align: center;">0</td> </tr> <tr> <td>Systems:</td> <td style="text-align: center;">0</td> <td style="text-align: center;">0</td> </tr> <tr> <td>Quarterly:</td> <td style="text-align: center;">5.00</td> <td></td> </tr> <tr> <td colspan="3">Major Course Modification v.2</td> </tr> </table>		Min Credits	Min Hours	Lecture:	4.00	44.00	Lab:	1.00	22.00	Clinical:	0	0	Field:	0	0	Systems:	0	0	Quarterly:	5.00		Major Course Modification v.2			2018 Summer	Chemistry Pathways Redesign Project. As part of the Chemistry redesign project, the Chemistry pre-requisite for CHEM& 121 will be removed. This is part of an overall effort to reduce redundancy in Chemistry courses, which will lead to faster completion rates and earlier graduation for our students. It is emphasized in the course description that this course is intended for students pursuing Nursing or Allied Health careers, which aligns with the overall redesign project.	CHANGE PREREQUISITE: MATH 95 with a minimum grade of C or higher (may be taken concurrently) or TMATH 100 with a minimum grade of C (may be taken concurrently)
