MARC 075 CC Approval: 05/08/2017	2017 Fall	We currently have no plans to offer future MARC classes at TCC. The enrollment in MARC classes has been dropping over time and we have been forced to cancel many classes due to low enrollment. The MARC classes were setup to be co-enrollment classes with Math 75, 85, 90 and 95 traditional classroom section classes. With the creation and increasing popularity of computerized math courses fewer students are now taking these classroom sections. The current MARC curriculum does not work well with computerized versions of these courses. Since there is little demand for these classes to continue we would like to delete them from our active classes.
