MATH 094 Statway Bridge to Business Algebra CC Approval: 11/07/2017 OLL 101	Lecture: Lab: Clinical: Field: Systems: Quarterly: Major Course	Min Credits 5.00 5.00 e Modification		2018 Spring	MATH 094 is taught in our computer-mediated classes. Students receive a U/S for these courses. There is also an option for a C- grade. This allows students to continue working in the course the next quarter without giving students the ability to register for the next math course in the sequence. We would like to add this C- as a grade option to be consistent with the other MATH-CM courses. Reconfiguring the OLL 101 course from 2-	MATH 136 with a minimum grade of C
Success in Online Learning CC Approval: 11/07/2017	Lecture: Lab: Clinical: Field: Systems: Quarterly: Major Course	Min Credits 3.00 3.00 e Modification	Min Hours 33.00 0 0 0 0		credits to 3-credits. In order to meet 15 outcomes, several of which require work well beyond basic recall or comprehension, the assignments require a number, depth, and complexity that asks students to put in more hours than what you would find in a two-credit class. We have monitored student feedback and time on-task over the years and have found that students consistently put in more work time than six hours a week (using the 2 "in class" to 4 outside guidelines). This course is being updated to reflect greater mobile learning needs and new internal software/applications. No changes in outcomes to the course are being presented, only the scope of supporting objectives and the reflection on the actual needs of the students for guidance in critical thinking.

NEW DEGREES/CERTIFICATES									
DEGREE	PROPOSAL TYPES	EFF DATE	JUSTIFICATION						
AAS-T	Associate in Applied Science in Allied Health - Transfer	Winter 2018	Goal: Prepare students in a professional- technical allied health career path with strong college-level academic skills in areas of communication, math, natural science, humanities, and social science while providing additional pathways into health related baccalaureate programs.						
Distinction Pathway	Global Studies	Spring 2018	A Distinction Pathway with a minimum of 20 credits and a co-curricular Capstone						
Certificate	Limited License Legal Technician	Fall 2018	The LLLT Preparation Certificate will consist of 45 credits of legal specialty courses and the intended student population must have at least an associate's degree or higher to be eligible. 37 credits of the 45 are core courses are specified by the Washington State Bar Association (WSBA) and the remaining 8 credits will consist of any other PLST courses the student chooses.						
Certificate	Global Health and Cultural Competency	Fall 2018	The Global Health and Cultural Competency Certificate is designed to allow students to explore the impact of cultural on healthcare. Students will study an identified population and learn about the culture, belief system, values, and practices as they relate to healthcare (including community health). Field experience, either local or study abroad, will allow students to practice and implement strategies to integrate knowledge into their professional role in the delivery of care.						

AA Specialization Track	Psyc	Psychology					This specialization prepares students for successful transfer at the junior level in psychology at our primary transfer universities (UWT, UW-Seattle, and PLU). Students transferring elsewhere should consult their university's website and see their advisor.
