Make Appointments Online

Click on "TutorTrac" in your portal's Quick Links to enter the TutorTrac scheduling program.

If you haven't already, you will need to add TutorTrac from "All Reports & Applications" under "Tutoring".

You will enter TutorTrac at a main menu screen. Along the left side are a series of buttons. Click on the **Search Availability** button to get started.

1. **Choose which Center you wish to visit.**
Note: Not every center operates the same way and only a few take appointments. The MARC, for instance, operates on a first come, first served basis.
2. **Select a Section (class) you want help with.**
When you click the arrow, a list of classes appears in which you are currently enrolled as well as a list of common other reasons for visiting the tutoring centers.
3. **Click the "Search" button.**
4. **Choose your time and tutor.**
The center screen will fill with a list of tutors and available appointments for you to choose from. Click on a timeslot to select it. Each appointment slot is ½ hour long and you can book up to one hour, per tutor, per day.
5. **Give additional information.**
You can enter any notes for your tutor about what you want to discuss.
6. **Click "save" and you're done!**
